Full Paper title: (16 Font size Roman)

Short running title: (14 Font size Roman)

All Author Affiliations by Numbers such as (12 Font Size Roman)

First Author¹, Second Author² and Third Author³

¹First Author Affiliation & Address

²Second Author Affiliation & Address

³Third Author Affiliation & Address

*** Corresponding Author: (10 Font Size Roman)**

(Only One) correct e mail ID is necessary for all correspondence

MAIN MANUSCRIPT (12 Font Size with double spacing)

Not Exceeding 20 pages

This document file is a live template for main manuscript.

1. **Abstract:** This should be of 200 to 250 words:
It should be non-structured but with a succinct introduction, rationale of study, brief description of methods and results with important data. This should be followed by conclusion and importance of work.
2. **Key Words:** Up to 5 key words must be arranged alphabetically below the abstract for indexing purpose.
3. **Main Manuscript Text:** (20 to 25 pages)

Text of manuscript must be with following headings only
Introduction, Material and Methods, Results and Discussion (IMRAD).
Acknowledgements and Conflict of Interest Statement should come before References

Reference style of Bioscience Biotechnology Research Communications is Harvard ie author last name (without any initials) and year in () in the text. For more than two names of authors et al with year in () should be used.

All references must be arranged alphabetically at the end with year after last name followed by Title of Paper, Name of Journal Vol No and page no.

Papers not written as per format and style of BBRC will not be processed and will be returned to the authors.

INTRODUCTION

Must have recent references till 2017- 2018, rationale of taking up the study with importance and significance of the research work.

This template provides all the necessary information to the author regarding the formatting specifications needed for preparing electronic versions of their papers. We ask you to make your manuscript look exactly like this document. The easiest way to do this is to download the template, and replace (copy-paste) the content with your own material. All manuscripts must be in English. This document includes complete descriptions of the fonts, spacing, and related information for producing your proceedings manuscripts.

Margins, column widths, line spacing, and type styles are built-in; examples of the type styles are provided throughout this document and are identified in italic type, within parentheses, following the example.

Please do not re-adjust the margins.

PAGE LAYOUT

An easy way to comply with the conference paper formatting requirements is to use this document as a template and simply type your text into it. Wherever Times is specified, Times Roman or Times New Roman may be used.

Page Layout A4 Size

The margins must be set as follows:

- Top = 3.0 cm
- Bottom = 3.0 cm
- Left = 2.5 cm
- Right = 2.5cm

PAGE STYLE

All paragraphs must be indented as well as justified, i.e. both left-justified and right-justified.

A. Text Font of Entire Document

The entire document should be in Times New Roman or Times font. Other font types may be used if needed for special purposes. Type 3 fonts should not be used.

B. Title and Author Details

Title must be in 16 points Times New Roman font. Author name must be in 14 points Times New Roman font. Author affiliation must be in 10 points italic Times new roman. Email address must be in 10 points times new roman font.

All title and author details must be in single-column format and must be centred.

Email address is compulsory for the corresponding author.

C. MAIN MANUSCRIPT WITH Section Headings : ABSTRACT, INTRODUCTION, MATERIAL AND METHODS, RESULTS / DISCUSSION, REFERENCES

D. Figures and Tables : VERY CLEAR IMAGES FOR GOOD REPRODUCTION

Figures and tables must be distinct and clear centered in the column.

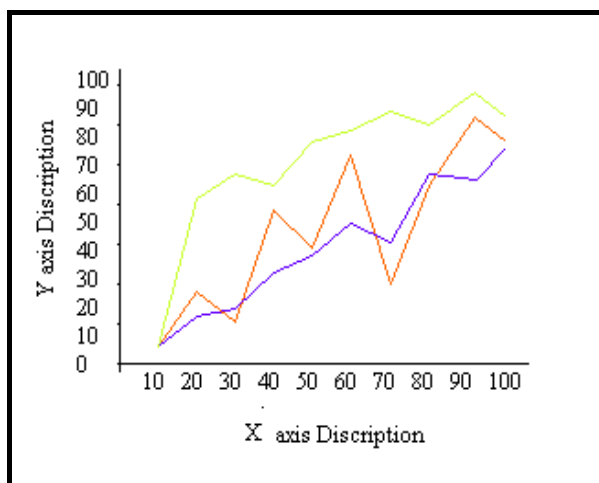

Large figures and tables may span across both columns. Any table or figure that takes up more than 1 column width must be positioned either at the top or at the bottom of the page.

E. Figure Photographs Captions

Figures and Photographs must be numbered using Arabic numerals. Figure captions must be in 8 pt Regular font. Captions of a single line must be centered whereas multi-line captions must be justified. Captions with figure numbers

must be placed after their associated figures. All Data / Tables / Figures / Photographs must be mentioned in text with same number as in captions.

F. Table Captions

Tables /Figures/Photographs must be numbered and their captions must be centred and in 8 pt Regular font with Small Caps. Every word in a table or figure caption must be capitalized except for short minor words. Captions with table numbers must be placed before their associated tables, as shown in Table, all statistical data must be shown or designated properly in figures, tables or text.

Sr.	Heading1	Heading2	Heading3	Heading4	Heading5	Heading6
No.				4		6

All hypertext links and section bookmarks will be removed from papers during the processing of papers for publication. If you need to refer to an Internet email address or URL in your paper, you must type out the address or URL fully in Regular font.

ACKNOWLEDGEMENTS:

Must be brief describing grants or funding agencies with their Numbers/ Names of Persons with Departments/Institutes/

REFERENCES:

All reference items must be in 11 pt. font.

Please do not use any Italic styles except scientific names in the References section.

References must be arranged alphabetically without any numbers throughout.

All references should be checked minutely, for their appearance in text as well as in References / Bibliography section.

MS with incomplete references will not be accepted.

References should be written in Harvard Reference Citation Style, ie Last Author Name(s) of authors followed by year in bracket () in the text matter of MS.

For more than three authors et al., can be written in a Reference

All references are to be arranged alphabetically under the Heading References as below:

Ali SA S Salim T Sahani Peter J and Ali AS (2012c) Serotonergic receptors as novel target for optimizing skin pigmentary responses in Indian bull frog *Hoplobatrachus tigerinus* British Journal of Pharmacology Vol 165 No 5 Pages 1515-1525
