

BRIEF CV OF DR SHARIQUE A. ALI

Honorary Chief Editor

*Bioscience Biotechnology
Research Communications*

Prof. Sharique completed his Masters in Animal Physiology from Nagpur University, Nagpur India, having a throughout first class academic career, followed by his PhD in Bioscience, as a prestigious National Fellow of Department of Atomic Energy, BARC, in 1983. Dr. Ali has research experience of 42 years in Biology and Medicine, specializing in Pigment Cell Biology. Dr Ali is Professor of Physiology and Head PG Department of Biotechnology, Saifia College Bhopal, India since last 23 years.

Dr Ali has published more than 188 full research papers in Scopus & Web of Science Journals of high impact factor and has successfully guided 45 PhD students in Bioscience and Biotechnology. He has visited several countries many times like USA, UK Germany, France, KSA, and Middle East, on academic assignments has and also worked as Cooperating Scientist at Virginia State University, USA. He has delivered lectures at various Universities like University of Arizona, Virginia State University, VA Cambridge & Trinity College, US and has worked as UNESCO Fellow at CCMB, Watsons Labs in the US and Asia, and as a Professor of Physiology at Medical College, Ministry of Education Saudi Arabia for many years. Dr. Ali has successfully completed several research projects in Biology & Medicine and has been conferred with many awards, patents, citations and honorary fellowships, including the UNESCO International Award, ROSCTCA, OICD FERRO Award, USA for his research contributions.

Prof. Ali is Honorary Chief Editor, *Bioscience Biotechnology Research Communications*.
